ABOUT LORENA

Founded in 1998 in her garage and up until today, Lorena Canals is the creator of the washable rug concept. The brand offers rugs, accessories and textile toys sustainably handcrafted with natural fibers, both for home and kids' decor.

With a current presence in over 70 countries worldwide, Lorena has offices in Barcelona, New Delhi and New York. All products are designed in Barcelona and handcrafted in her own factory in India, following fair trade practices and giving back to the community with its Sakûla Project.

THE WORLD'S FIRST WASHABLE RUG

One of our first milestones was the WASHABLE RUG concept. How did it come about? The story begins when Lorena wants to buy an easy to clean rug for her daughter's room. She discovered that this type of rug didn't exist in the market and decided to fill the niche by designing and manufacturing her own washable rugs in India. Nowadays, all of our rugs can be easily washed at home, thanks to the quality of their natural fibers.

They're ideal for everyday use, for homes with children and pets, as they allow you to easily remove almost any stain just by putting them in the washing machine. Did you spill some milk? No problem. Did you drop some ice cream? No problem. You walk in on a rainy day and get it all muddy? No problem. Our washable rugs make your life easier. Just throw your rug in the washing machine, and that's it!

UNIQUE WORKS OF ART

All Lorena Canals pieces are handcrafted one by one by our artisans in India using ancestral crafting techniques. If you own one of our signature rugs for the home, you'll know it is a one-of-a-kind piece.

Braids, fringes, tassels, embroidery, pompoms, or children's play rug accessories are carefully hand-sewn by craftswomen from our own factory. The result is an exclusive piece made with natural fibers and an original design that distinguishes the decoration of any space.

THE WOOLABLE® REVOLUTION

After the success of our washable cotton rugs, we wanted to go a step further and make our wool rugs washable too. More elegant and stylish, with incredible textures and innovative designs, our patent-registered WOOLABLE® range has shaken up the rug industry and made us the first in the World to offer washable wool rugs with amazing designs.

RUGCYCLED® THE GREENEST RUG

At Lorena Canals, we believe in being able to offer much more than a beautiful rug. We believe in a sustainable and eco-friendly rug. We have created our RugCycled® product line, the first to give a second life to the leftovers from our productions. Because when we use waste as raw material, we not only reduce the impact on natural resources but also save on energy and water.

+20 YEARS CARING FOR THE PLANET

We believe that we can all make a difference if we choose natural and recycled fibers, non-toxic dyes, and handmade products with quality such that they last almost a lifetime. Not only do we save 90% of the water in the making by continuously recycling it, but we do not use any synthetic fibers. We care for low environmental impact. We care about our planet, and we care about offering truly sustainable coziness.

REVOLUTIONIZING THE MARKET SINCE 1998

One of the main objectives of our company is to innovate every day, in all our areas. That is why we invest in researching new techniques, new designs, new artisanal processes, or new ways of manufacturing in a sustainable way. Thus, we shake the industry not only with our washable or upcycled rugs, but also with interactive rugs for children that encourage learning, textile books and toys inspired in healthy and sustainable lifestyle, etc.

CERTIFICATE OF AUTHENTICITY

Each of our rugs carries the signature of Lorena Canals hand-embroidered at the back, accompanied by a certificate of authenticity that warrants its origin, commitment to people, and to the planet.

To confirm that you have a true Lorena Canals piece in your hands, look at the back and check that it has her embroidered signature.
